

# Hawaii

Summer 2011

## Title V Women's Health-Related Priority Needs:

- ▶ Reduce the rate of unintended pregnancy.
- ▶ Reduce the rate of alcohol use during pregnancy.

### State Performance and Outcome Measures Associated with Women's Health-Related Priority Needs

**State Performance Measure 1:** Reduce the percent of pregnancies (live births, fetal deaths, abortions) that are unintended.

*Data Source:* PRAMS

*Measure Definition:* Percent of unintended pregnancies is derived from PRAMS and applied to the number of live resident births for the year and fetal deaths; all abortions are also added to the numerator; the denominator is all live resident births.

### Additional Data Associated with Women's Health-Related Priority Needs

*This section lists other data sources that Title V agencies included in their 2010 Needs Assessments regarding the status of women's health outside of pregnancy.*

Percent of women who report drinking prior to pregnancy.

*Data Source:* PRAMS

The information presented here reflects only women's health-related content reported by the Title V agency in its FY 2011 MCH Block Grant Application, FY 2009 Annual Report and 2010 Needs Assessment. This information, as well as all Title V agencies' most current priority needs, performance and outcome measures, can be found at:
