| **Goal:** Provide National Leadership for families with children with special health needs  
**Level:** Grantee  
**Category:** Family Participation | **GOAL**  
To increase the number of families with CSHCN receiving needed health and related information, training, and/or education opportunities in order to partner in decision making and be satisfied with services that they receive.  
**MEASURE**  
The percent of families with CSHCN that have been provided information, education and/or training by Family-to-Family Health Information Centers.  
**DEFINITION**  
**Numerator:**  
The total number of families with CSHCN in the State that have been provided information, education, and/or training from Family-To-Family Health Information Centers.  
**Denominator:**  
The number of families that can be reasonably served with provided federal grant funds.  
**Units:** 100  
**Text:** Percent  
**BENCHMARK DATA SOURCES**  
Related to Objective MICH-31: Increase the proportion of children with special health care needs who receive their care in family-centered, comprehensive, coordinated systems  
**GRANTEE DATA SOURCES**  
Progress reports from Family-To-Family Health Care Information and Education Centers, National Survey for Children’s Health (NSCH), Title V Information System  
**SIGNIFICANCE**  
The last decade has emphasized the central role of families as informed consumers of services and participants in policy-making activities. Research has indicated that families need information they can understand and information from other parents who have experiences similar to theirs and who have navigated services systems. |
