

## HRSA's Maternal, Infant, and Early Childhood Home Visiting (MIECHV) Program

- Supports the [Idaho Home Visiting Program](#) and provides voluntary, evidence-based home visiting programs for at-risk pregnant women and families with children through kindergarten entry
- Builds upon decades of scientific research showing that home visits by a nurse, social worker, early childhood educator, or other trained professional during pregnancy and in the first years of a child's life helps prevent child abuse and neglect, supports positive parenting, improves maternal and child health, and promotes child development and school readiness

### Idaho MIECHV Program At-a-Glance

**■ Rural counties:**

Bonner, Clearwater, Power, Shoshone

**■ Non-rural counties:**

Ada, Bannock, Bonneville, Canyon, Jerome, Kootenai, Nez Perce, Twin Falls

**Participants**

**1,631**

**Households**

**628**

**Home Visits**

**6,487**

## Idaho Serves a High-Risk Population

MIECHV Program awardees serve high-risk populations. Awardees tailor their programs to serve populations of need within their state.

- 50.3% of households included pregnant teens
- 49.8% of households were low income
- 25.3% of households included a child with developmental delays or disabilities

## Idaho Performance Highlights

- **Behavioral Concerns:** Caregivers were asked if they had any concerns regarding their child's development, behavior, or learning in 96.4% of postpartum home visits [Performance highlights here](#)
- **Postpartum Care:** 85.0% of mothers enrolled in home visiting received a postpartum visit with a healthcare provider within 8 weeks of delivery
