Public Burden Statement: An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this project is 0906-0017. Public reporting burden for this collection of information is estimated to average 425 hours per response, including the time for reviewing instructions, searching existing data sources, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to HRSA Reports Clearance Officer, 5600 Fishers Lane, Room 10-29, Rockville, Maryland, 20857.

NOTES:

DEFINITIONS OF KEY TERMS

Table Number	Field	Key Terms Requiring Definitions
1	Unduplicated Count of New and Continuing Program Participants Served by MIECHV Home Visitors	<p>New Participant: A participant, including a pregnant woman, female caregiver, or male caregiver, who signs up to participate in the home visiting program at any time during the reporting period who was served by a trained home visitor implementing services with fidelity to the model for whom <i>at least 25%</i> of his/her personnel costs (salary/wages including benefits) is paid for with MIECHV funding.</p> <p>Continuing Participant: A participant, including a pregnant woman, female caregiver, or male caregiver, who was signed up and actively enrolled in the home visiting program prior to the beginning of the reporting period who was served by a trained home visitor implementing services with fidelity to the model for whom <i>at least 25%</i> of his/her personnel costs (salary/wages including benefits) is paid for with MIECHV funding..</p> <p>Pregnant women are participants who have been enrolled in the program while pregnant at any time during the reporting period.</p> <p>Female caregivers are those female household members who are enrolled in the program during the reporting period, are considered a caregiver of the index child, and were not pregnant at the time of enrollment or the annual update of this information (e.g., biological mothers, adoptive mothers, foster mothers, grandmothers).</p> <p>Male caregivers include those male household members (e.g. expectant fathers, biological fathers, step-fathers, and partners) who also meet the definition of an enrollee.</p> <p>Index Child (Birth – Kindergarten Entry): the child (or children) in an individual household who is under the care of the enrollee(s) and who is enrolled in the program and was served by a trained home visitor implementing services with fidelity to the model for whom <i>at least 25%</i> of his/her personnel costs (salary/wages including benefits) is paid for with MIECHV funding. More than one index child per household can be identified.</p>
2	Unduplicated Count of Household Served by MIECHV Home Visitors	<p>New Household: A household, including a pregnant woman, female caregiver, and/or male caregiver who signs up to participate in the home visiting program at any time during the reporting period. The household may include multiple caregivers depending on model-specific definitions.</p> <p>Continuing Household: A household, including a pregnant woman, female caregiver, and/or male caregiver who were signed up and actively enrolled in the home visiting program prior to the beginning of the reporting period. The household may include multiple caregivers depending on model-specific definitions.</p>
3	Unduplicated Count of Participants and Households Served by a State Home Visiting Program (non-MIECHV)	<p>Participant Served by a State Home Visiting Program (non-MIECHV): A participant, including a pregnant woman, female caregiver, or male caregiver, who signs up to participate in the home visiting program at any time during the reporting period who was served by a trained home visitor implementing services with fidelity to the evidence-based model or model that qualifies as a promising approach for whom <i>less than 25%</i> of his/her personnel costs (salary/wages including benefits) is paid for with MIECHV funding</p>
4	Adult Participants by Age	<p>Adult Participants: includes the person or persons in the household who signed up to participate in the home visiting program (e.g., a teenage parent would be counted as an adult participant but not an index child). The</p>

		category can include more than one member of the household if more than one individual are enrolled in the program (e.g., a father and a mother have both signed up to participate). It should include at a minimum for every household the primary caregiver of the index child.
5	Index Children by Age	Index Child (Birth – Kindergarten Entry): the child (or children) in an individual household who is under the care of the enrollee(s) and who is enrolled in the program and was served by a trained home visitor implementing services with fidelity to the model for whom <i>at least 25%</i> of his/her personnel costs (salary/wages including benefits) is paid for with MIECHV funding. More than one index child per household can be identified.
6	Participants by Ethnicity	The responses regarding ethnicity should reflect what the person considers herself/himself to be and are not based on percentages of ancestry. If ethnicity is unknown or not reported for some participants, enter that count in the respective “Unknown/Did not report” column.
7	Participants by Race	The responses regarding race should reflect what the person considers herself/himself to be and are not based on percentages of ancestry. Participants who select more than one race should be reported in the “More than one race” category. If ethnicity and race are unknown or not reported for some participants, enter that count in the respective “Unknown/Did not Report” columns.
8	Adult Participants by Marital Status	Adult Participants: includes the person or persons in the household who signed up to participate in the home visiting program (e.g., a teenage parent would be counted as an adult participant but not an index child). The category can include more than one member of the household if more than one individual are enrolled in the program (e.g., a father and a mother have both signed up to participate). It should include at a minimum for every household the primary caregiver of the index child. If more than one individual is enrolled in the program, enter the status for all enrollees. For example, if a pregnant woman is enrolled with her spouse in the program, both participants would be counted under the married category.
9	Adult Participants by Educational Attainment	Adult Participants: includes the person or persons in the household who signed up to participate in the home visiting program (e.g., a teenage parent would be counted as an adult participant but not an index child). The category can include more than one member of the household if more than one individual are enrolled in the program (e.g., a father and a mother have both signed up to participate). It should include at a minimum for every household the primary caregiver of the index child. Less than high school diploma includes individuals who have not completed their high school education. The Some college/training category includes those who are currently enrolled and those who attended in the past. The Technical training or certification category includes those who received technical training or certification in the past. The Associate’s Degree category includes those who obtained an Associate’s Degree. The Bachelor’s Degree category includes those who obtained a Bachelor’s Degree. The Other category includes those individuals who did not fall into the specified categories.

10	Adult Participants by Educational Status	<p>Student/trainee: indicates that the individual is considered a full- or part-time student by the institution he/she is attending.</p> <p>Not a student/trainee: refers to individuals who are not currently enrolled in any type of educational or training programs.</p>
11	Adult Participants by Employment Status	<p>Employed: refers to whether the person is currently working for pay.</p> <p>Employed Full Time: an employee who works an average of at least 30 hours per week</p> <p>Employed Part Time: an employee who works an average of less than 30 hours per week¹</p> <p>Not Employed: indicates that the person is not working for pay (this category may include, for example, students, homemakers and those enrollees actively seeking work but currently not employed)</p>
12	Adult Participants by Housing Status	<p>Homeless: individuals who lack a fixed, regular, and adequate nighttime residence (within the meaning of section 103(a)(1) of the McKinney-Vento Homeless Assistance Act); and</p> <p>Homeless and sharing housing: individuals who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason</p> <p>Homeless and living in an emergency or transitional shelter: individuals who are living in emergency or transitional shelters; are abandoned in hospitals; or are awaiting foster care placement</p> <p>Homeless and some other arrangement: individuals who are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; individuals who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings (within the meaning of section 103(a)(2)(C)); individuals who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings²</p>
13	Primary Language Spoken at Home	<p>Primary language: the language used in the home the majority of the time.</p> <p>Index Child (Birth – Kindergarten Entry): the child (or children) in an individual household who is under the care of the enrollee(s) and who is enrolled in the program and was served by a trained home visitor implementing services with fidelity to the model for whom <i>at least 25%</i> of his/her personnel costs (salary/wages including benefits) is paid for with MIECHV funding. More than one index child per household can be identified.</p>
14	Household Income in Relation to Federal Poverty Guidelines	<p>The appropriate category for a given family will depend both on household income and on the number of household members counted in the household (both home visiting enrollees and non-enrollees). Household income refers to the annual gross income for the household as defined in programmatic guidance, recorded at enrollment and</p>

The HHS Poverty Guidelines are updated annually in February and published in the Federal Register. See https://aspe.hhs.gov/2015-poverty-guidelines for the 2015 guidelines.</p>
15	For Each Household Indicate the Priority Population Characteristics	<p>Low-Income: An individual or family with an income determined to be below the poverty guidelines updated periodically in the Federal Register by the U.S. Department of Health and Human Services in accordance with section 673(2) of the Omnibus Budget Reconciliation Act of 1981 [Title V, Sec. 501(b)(2)]. See http://www.federalregister.gov/articles/2011/01/20/2011-1237/annual-update-of-the-hhs-poverty-guidelines</p> <p>Pregnant women under 21: Households with expectant mothers who enroll in the program and are under 21 years old during the reporting period.</p> <p>Have a history of child abuse or neglect or have had interactions with child welfare services: Based on self-report, a household with members who have a history of abuse or neglect and have had involvement with child welfare services either as a child or as an adult.</p> <p>Have a history of substance abuse or need substance abuse treatment: Based on self-report, a household with members who have a history of substance abuse or who have been identified as needing substance abuse services through a substance abuse screening administered upon enrollment.</p> <p>Are users of tobacco products in the home: Based on self-report, a household with members who use tobacco products in the home or who have been identified as using tobacco through a substance abuse screening administered during intake. Tobacco use is defined as combustibles (cigarettes, cigars, pipes, hookahs, bidis), non-combustibles (chew, dip, snuff, snus, and dissolvables), and electronic nicotine delivery systems (ENDS).</p> <p>Have, or have children with, low student achievement: Based on self-report, a household with members who have perceived themselves or their child(ren) as having low student achievement.</p> <p>Have a child or children with developmental delays or disabilities: Based on self-report or home visitor/staff observation, a household with members who have a child or children suspected of having a developmental delay or disability.</p> <p>Are in families that are or have served in the armed forces: Based on self-report, households that include individuals who are serving or formerly served in the Armed Forces, including such households that have members of the Armed Forces who have had multiple deployments outside of the United States. For this criterion, definition includes a military member's dependent acquired through marriage, adoption, or other action during the course of a member's current tour of assigned duty.</p>
16	Service Utilization	<p>Home visit refers to the definition of a completed home visit enacted by the various evidence-based home visiting models approved for implementation through the MIECHV program or a Promising Approach. Please refer to</p>

		model-specific guidance for specific definitions.
17	Family Engagement by Household	<p>Currently receiving services refers to families that are participating in services at the end of the reporting period.</p> <p>Completed program refers to families who have completed the program according to model-specific definitions and criteria during the reporting period.</p> <p>Stopped services before completion refers to families who left the program for any reason prior to completion.</p> <p>Enrolled but not currently receiving services/Other refers to those families who do not fall into the previous categories and may include unreachable participants (i.e. the family is not regularly participating but did not actively sever ties, etc.)</p>
18	Unduplicated Count of Home Visitor Full Time Equivalents	Full Time Equivalent: A full time equivalent home visitor(s) who begins or continues employment with a contracted local implementing agency during the reporting period. Grantees should only report the proportion of the FTE that is supported by MIECHV grant funds.
19	Unduplicated Count of Households by Evidence-Based Home Visiting Model or Promising Approach	A Household , including a pregnant woman, female caregiver, and/or male caregiver who were signed up and actively enrolled in the home visiting program prior to the beginning of or during the reporting period and continues enrollment during the reporting period. The household may include multiple caregivers depending on model-specific definitions.
20	Participants by Type of Health Insurance Coverage	<p>Index Child (Birth – Kindergarten Entry): the child (or children) in an individual household who is under the care of the enrollee(s) and who is enrolled in the program and was served by a trained home visitor implementing services with fidelity to the model for whom <i>at least 25%</i> of his/her personnel costs (salary/wages including benefits) is paid for with MIECHV funding. More than one index child per household can be identified.</p> <p>The insurance coverage categories are mutually exclusive. No insurance coverage indicates that the individual is currently not covered by any source of insurance. This table is intended to capture insurance status, not health care access: receipt of care provided for instance by the Indian Health Service or another safety net health care provider such as a Federally Qualified Health Center does not constitute insurance coverage.</p>
21	Index Children by Usual Source of Medical Care	<p>Index Child (Birth – Kindergarten Entry): the child (or children) in an individual household who is under the care of the enrollee(s) and who is enrolled in the program and was served by a trained home visitor implementing services with fidelity to the model for whom <i>at least 25%</i> of his/her personnel costs (salary/wages including benefits) is paid for with MIECHV funding. More than one index child per household can be identified.</p> <p>Usual source of care: the particular medical professional, doctor's office, clinic, health center, or other place where a person would usually go if sick or in need of advice about his or her health.</p>
22	Index Children by Usual Source of Dental Care by 12 Months of Age	Usual source of dental care: a usual source of dental care, or dental home, means that a child's oral health care is delivered in a comprehensive, continuously accessible, coordinated and family-centered way by a licensed dentist. The concept of the Dental Home reflects the AAPD's clinical guidelines and best principles for the proper delivery

		of oral health care to all children, with a concentration on infant/age one patients and should be established no later than 12 months of age. ³
