

Mississippi MIECHV Program FY 2022

HRSA's Maternal, Infant, and Early Childhood Home Visiting (MIECHV) Program

supports the [Mississippi Home Visiting Program](#) and provides voluntary, evidence-based home visiting programs for expectant and new parents with children through kindergarten entry age living in communities that are at-risk for poor maternal and child health outcomes¹.

Mississippi MIECHV Program At-a-Glance

Rural counties by Funding Source:

■ MIECHV: Claiborne, Coahoma, Copiah, Holmes, Humphreys, Issaquena, Jefferson, Neshoba, Sharkey, Sunflower, Tallahatchie, Tunica, Washington, Wilkinson

Non-rural counties by Funding Source:

■ MIECHV: DeSoto, Hinds

Participants

1,433

Households

721

Home Visits

8,521

Mississippi Prioritizes Community Needs

MIECHV Program awardees tailor their programs to serve populations of need within their state. In Mississippi:

- **91.8%** of households were at or below 100% of the Federal Poverty Guidelines
- **5.7%** of households included a pregnant enrollee under age 21

Mississippi Performance Highlights

MIECHV Program awardees track and report improvements in MIECHV benchmark areas every year. Awardees are required by authorizing statute to demonstrate improvement in benchmark areas every three years. In the most recent assessment following FY 2020, the Mississippi MIECHV program successfully met the requirements for demonstration of improvement by improving in all 6 MIECHV [benchmark areas](#).

FY 2022 Performance Highlights Include:

- **Depression Screening:** 97.7% of caregivers enrolled in home visiting were screened for depression within 3 months of enrollment or within 3 months of delivery. Research shows that postpartum depression can be associated with a number of adverse outcomes for both the mother and infant, such as poor parent-child bonding, negative parenting approaches, and increased risk of developmental, health, and safety concerns for the child.
- **Community Partnership:** To support family retention, Healthy Families Mississippi partnered with Amerigroup Managed Healthcare Providers to receive child safety supplies such as car/booster seats, outlet covers, baby monitors and child-proof cabinet locks for eligible families at the 15 local sites.

Evidence-Based Home Visiting Models in Mississippi

[Health Families America \(HFA\)](#)

¹ HRSA awarded ARP [American Rescue Plan Act](#) funds to current MIECHV awardees to address the needs of families in response to the COVID-19 pandemic.

Mississippi MIECHV Performance Measurement Data Compared to MIECHV Averages²

Benchmark Area 1 – Maternal and Newborn Health Outcomes

Benchmark Area 2 – Child Injuries, Abuse, Neglect, and Maltreatment and Emergency Department Visits

Benchmark Area 3 – School Readiness and Achievement

Benchmark Area 4 – Crime or Domestic Violence

Benchmark Area 5 – Family Economic Self-Sufficiency

Benchmark Area 6 – Coordination and Referrals for Other Community Resources and Supports

Mississippi MIECHV (FY 2022)
 MIECHV National Average (FY 2022)
 Mississippi MIECHV Rolling Average (FY 2019- FY 2021)
 MIECHV National Rolling Average (FY 2019- FY 2021)

² Comparison to a three-year average minimizes the effects of outliers or potential data reporting issues specific to one year.

* Direction for improvement in performance is downwards. **Child Injury reported as a rate
